ATTENTION : Richard Monroe
FACSIMILE # : 203 431 8255

FROM: Aaron Nissen EXT: 6482
DEPT: Tech Services

PAGES TO FOLLOW: 1

COMMENTS: for your info. will call tomorrow

DATE & TIME SENT: 10-24-91 12

CONFIRMATION BY: _____

APPROVED BY : _____

10/24/91

Richard:

1) Could you provide clarification on your understanding of the hinge pin arrangement on the backplate of BW's design.

2) Technical Support on Flame Stabilizer Installation has been rescheduled from Tues to begin Thurs (10/31).

- Could you arrange someone here for Friday (11/1) 7:00am to checkout flame stabilizer installation. This will require some climbing around (access to platform is thru coal nozzle) and does not have to be yourself. One full day will be sufficient

3) Schedule for Air Flow Balancing

11/11/91 ^{Mon} 7:30pm - 5:00am thru 11/13/91 ^{Fri}

Balancing

[11/11/91 Night Baseline Testing 16 hrs]

11/11/91 7:00am - 6:00pm thru 11/13/91

Shrouding + Adjustments

Thanks
Aeron
